

## Abbit Communications Newsletter — September 2025 Edition

### Big News: Our Cloud Phone Services Are Here!

We're proud — and thrilled — to announce the official launch of Abbit Communications' new cloud phone services!

**Say goodbye to clunky, outdated phone systems** and hello to a smarter, more intuitive way to stay connected. Our cloud-based solution is:

- Flexible
- User-friendly
- Feature-rich — with tools that typically cost extra in traditional PBX systems, but come standard with Abbit.

### What You Get

Our cloud phone services are designed to support modern businesses of all sizes. Key features include:

- Mobile Integration
- Advanced Call Routing
- Voicemail-to-Email
- Real-Time Management Dashboard

And the best part? Lifetime pricing starts at just \$20 per line — no surprises, no hidden fees.

### Built by Experts

With years of experience working alongside major telecom giants, our team knows what it takes to deliver reliable, enterprise-grade communication. Now, you can manage all your IT services — from networking and cloud to phones — with one trusted MSP: Abbit Communications.

### Ready to Upgrade?

Let's get your business talking — the smart way.
